This also means that guests are not allowed behind the bar to pour their own drinks. Part of this is to ensure appropriate levels of inebriation are not surpassed.

Following Baylys' Farm Guidelines no guests are to supply their own beverages.

Shots

We prefer not to supply shots, however, if there is a special moment and you'd like to arrange shots we can certainly accommodate this. You'll need to supply the shot glasses as these are not included in any package option.

FAQs

Is glassware included?:

Yes, glassware is included in all our service package options. These include: wine glasses, water glasses, champagne and tumblers. Wine and water glasses will be placed at each table setting in advance of guest arrival as well.

If you've organised a cocktail package this also includes 2 types of cocktail glasses determined by your cocktail choices. If you'd like more than 2 types of cocktails or have a keg, there will be additional glassware costs incurred for these additional items.

Why do we need a chiller trailer?:

A chiller is required to store your beverages and keep them cold, ready for serving. We do keep a selection of items iced at the bar, but we can only keep a small percentage cold at the bar for fast service. You can also keep your left over food in the chiller for collection the following day.

You are not required to hire our chiller if you'd like to supply your own, but one will be necessary.

Where & when do we load the chiller?:

The chiller will be located at the Wool Shed 12:30pm the day prior to your event. Please load all your items on the lower shelf and floor for safe transport. You will be able to collect any remaining items from this same location by 11am the following day. Please ensure you switch the chiller 'on' before you leave the evening before your wedding. This will ensure items are chilled and ready for the following day.

If I order alcohol through Kindred Supplies, where will it be?:

If you've ordered beverages for your event through our Supplies site, these will be located in the chiller at the Wool Shed the day before your event.

If I order alcohol through Kindred Supplies, how do I get my returns processed for unused items?:

Any unused or unopened items purchased through our site that are eligible for return, please leave them in the chiller for us to inventory and collect. These will then be included as a deduction on your final invoice.

How many cocktails are included in a 'cocktail package'?:

Two different cocktails are included in The Signature Celebration package. We are happy to serve more than two if you'd like! Just let us know, or we're happy to chat through options that would suit you and your guests. There may be an additional glassware fee depending on cocktail choices.

How long do you serve cocktails for in a 'cocktail package'?:

Cocktail service lasts from the ceremony through to dinner service. If you'd like to extend the service of your cocktail offerings we are happy to do this, please let us know in advance so we can organise additional staff to ensure quick service and cleaning of glassware for the extended time.

Why do I need to provide water?:

While there is technically water onsite, it is discoloured as it comes from a nearby stream (but filtered). As such we use 15l bottles of water for your table water carafes, and to keep our water at the bar filled 100% of the time. Chilled water bottles are provided to guests as they disembark the bus and if there are any left available for guests upon departure as well.

tea &
coffee

How is tea & coffee organised?:

If you'd like to provide tea & coffee for your guests, please let us know when we are organising your event. This will be available at the bar. We supply a hot urn, plunger coffee, black tea, sugar, and milk for guests to create their own hot drink at their leisure. Cost is \$4 per person.

Cocktail

If we don't have a seated dinner, how long does a cocktail package last?:

Generally we serve your cocktail package from ceremony through to dinner service. If you are having a 'Walk and Fork' event, then the best rule of thumb is a 2 hour cocktail service window (so 4-6pm, for example).

Again, we can certainly serve cocktails for a longer period if you'd prefer this just may incur an additional staff charge so we can continue a quick service for your guests.

Why can't we 'self-serve'?:

Besides creating fabulous cocktails and exceptional service part of our role is to ensure all guests have an enjoyable and safe time at your event. This includes monitoring levels of inebriation as we are unable to do so if guests are able to self serve throughout the night. We are happy to place wines on tables for the speeches/dinner and guests can serve themselves, but for the remainder of the night beverages need to be served through the bar.

Can we take alcohol home at the end of the night?:

The beverages purchased for your event are yours 😊 As such, you may take drinks with you. The Coach/Bus service have strict guidelines that these must be in closed boxes (no loose items), unopened, and placed in the storage space beneath the bus. They do not allow open drinks with guests or cans/bottles that will roll around beneath them in the storage space (in case they break).

If you'd like to take boxes home with you at the end of the night, please see the Kindred Spirits bar team, and a member will assist you with retrieving what you'd like/what is available.

The remainder will be kept in the chiller overnight at the wool shed and available for collection by 11am the following day.

Why are you mentioning I may need 'Additional Staff' beyond what is already included in the package?:

We totally get it - your package includes the staff necessary to serve the number of guests for the service package you have requested, why are you being told that more staff time might be necessary? If you're looking to extend your service time for cocktails or well drinks we'll need to keep our staff on for the duration of service to ensure quick service, clean glassware, and excellent service for your guests. Or maybe you're looking to have a champagne or espresso tower later in the evening, again this will mean we need to keep a staff member on longer to assist with the additional work load.

We are happy to fulfill all your bar service dreams, and we luckily have the flexibility to do so. It might mean that we need additional hands to help this vision come to life on your wedding day.

Why are you asking me for a copy of my bar menu?:

We request a copy of your bar/drinks menu so our staff knows what is being offered when they arrive, or can alert guests to any changes when they read the menu during service. We may also request a copy of this, or of your drinks list, when quoting quantities.

We also use this menu to identify if anything crucial is missing from the chiller when we arrive 2 hours prior to service.

What will be the cost for broken or missing glassware during the night?:

We charge \$8 per glass, or the replacement value of the item. This includes carafes and glassware provided during the night.

Why do I need to get ice if there is a chiller trailer?:

While bottles are kept cold in the chiller, we move necessary stock to the bar to ensure there is some of everything available to guests throughout the night. We need to keep these items cold while at the bar. The salt ice is used in coolers and the party ice is used for drinks. Your guest size and package choice will determine how much of each type of ice we will require.

Do I need to order my alcohol through Kindred Spirits Supplies?:

No, you can absolutely organise to purchase your beverages wherever you'd like. We hope you find the best deals possible and we will happily serve what is provided :)

Can you make me a shopping list of the ingredients for my cocktails/long drinks?

Yes, of course, we'd be happy to help by curating a shopping list for your wedding depending on what menu you select.

When does our drink menu need to be confirmed?

If we are creating your bar menu we'll need your final menu selections a minimum of two weeks before your event and your final approval on design 1 week before your wedding date.

Helpful Bits

Bar Signage:

For the vast majority of the time the bar is located outside. As such, we find bar signage needs to be sturdy. A substantial frame (without glass - as this breaks when/if it falls) that can stand on its own is best. A base of 5cm thick is recommended as we can then properly adhere this to the bar top with adhesive.

Bar decorations:

While we appreciate encompassing the bar in to your overall wedding decorations, please remember that we also need to use this space for pouring and creating drinks. If there is too much decor on the bar we are unable to properly perform our duties. If you would like to include the bar in your floral arrangements, please organise a plinth to be placed next to the bar so we can retain our service space.

Cake Delivery:

Organise to have your cake delivered just before you wish to display it. This ensures it is presented and appears in the way you and the baker decorated and intended. With it moving in and out of the trailer it may be damaged or not the right temperature.
